SUMMARY

Highly astute web developer with a knack for cultivating long-term relationships with company clients. A true analyser of trends who is also knowledgeable in social media and marketing. Looking for a suitable position with a company where key attributes like hard work and dedication are recognised.

EMPLOYMENT HISTORY

Web Developer - Data EDGE Ltd.

Dhaka, Bangladesh

June 2020 - March 2022

Mainly the role of a web-developer is to create and maintain website.

- I have designed many websites and converted that's into website through various coding lines.
- I have observed the various typography of the website, the background color, the headings of the site and all these.
- I have worked to keep the web site's servers, databases and related applications accurate and functional through programming.
- I have maintained the communication system and security of the website using various difficult programming codes.
