Dear Sir,

I am writing today in application to the system administrator position in Divine IT Ltd. I am confident that my teaching and comprehension ability, as well as my skill in Debugging, WordPress, Programming Language and HTML make me an excellent fit for this position.

As my attached resume outlines, I have 2 years experience of working as a Web Developer in Data EDGE Ltd . I have achieved Best worker Award, with remarkable developer's competition, and I am confident I can achieve similar thing for Divine IT Ltd . I am looking for an opportunity to give my educational and work experience, and develop my knowledge, personality and skill.

I greatly appreciate you taking the time to consider my application. I look forward to the opportunity to speak with you further regarding how I can contribute to the continued success of Divine IT Ltd. Thank you again.

Regards,
